sniper12345You're pathetic.

If you people could add

"I'm an asshat and lovin' it. You too can be like me. Join now free of charge at <http://www.intelligence-removal.com>, where we will begin the surgery needed to bring your IQ down to a level of 40, by which time you will enjoy aimlessly attacking members of message boards without even a trace of wit, sarcasm or humour that might make your posts acceptable."

..at end of each of your messages, that would be just groovy.
