If I am willing to shoot at a tank, should be my own choice, all I am doing is wasting bullets to kill infantry...I came to this several times, so I know (and I don't get refills every five seconds because I got barely hit for 60 health...). :rolleyes:

:rolleyes: Then why should you get points for it then? All you are doing is wasting ammo on it.

The default mammoth missiles I think they might need an increase in range.
