WHAT THE FUCK DO U WANT BUSH TO DO??? SIT ON THE FUCKING SIDELINES LIKE THE "BRILLIANT" PRESIDENT BEFORE HIM, WHICH THE ONLY THINGS HE WAS GOOD AT ARE: GETTING HEAD, AND LYING ABOUT IT, AND PARDONING BIN LADEN. This is the only thing Bush can do. Should we just say..."Who cares about Hussein and Bin Laden, we don't know if they are a threat anymore. Let's just wait until a couple more of our buildings are knocked down and THOUSANDS of American lives are slaughtered, AGAIN, before we decide to take action, and then let's make sure that they have a chance to get the hell outa their countries to live another day and kill MORE people." I am not for our men dying and having to kill innocent lives...but this is all we can do. To save lives, we have to take lives. Not necessarily the most optimistic saying, but there's no BETTER alternative.

WOW...I actually agree with Duke for once. 0% of Iraqi oil is used by America. And all you anti-Bush people (couldn't figure out a word that is rightly used and yet not too explicit), get a life. Respect the president. I didn't necessarily like Clinton, but I didn't go out and say...fuck him, I hope he chokes on a pretzel. You don't necessarily have to agree with him...but c'mon...he's the PRESIDENT...show some fucking respect!
