Quote:If you had actually read the article, you would have seen this

"In 1957, Turkish air force pilots spotted a boat-shaped formation in Agri province. The government did not pursue the sighting, however. The entire area, including Mount Ararat, was off limits to foreigners because of Soviet complaints that explorers were U.S. spies. "

That dosen't mean it's "Noah's Ark". It could have been any ole' ark.
