Well if you look at it Bush's plans are made of logic. But logic on how to further himself. What does N. Korea have that interests him? Iraq has oil for him to make billions from. N. Korea, well it has a dictator he can take credit for disarming.

Let's see:

billions+a pension fund>re-election+a few more years of presidential salary

Greed corrupts power.

And my question lies unanswered.
Are americans a race?
