NHJ BVimo, a race can never be the same as a nationality, therefore french for example are not a race.

well now, we don't actually go by your defination now do we? :rolleyes:  
let's see what the dictionary has to say. ok?

race1 ( P ) Pronunciation Key (rs)  
n.

A local geographic or global human population distinguished as a more or less distinct group by genetically transmitted physical characteristics.

A group of people united or classified together on the basis of common history, nationality, or geographic distribution: the German race.

A genealogical line; a lineage.

Humans considered as a group.
