okay, i could not find one on planet C&C with it ingame, but still, look at the purchase icon...

you might be basing it off a vid clip or somthing, but you mostly see them ingame, so people would be reminded...

here is it, look in the build menu.

<http://www.planetcnc.com/images/image.asp?/tiberiandawn/gameinfo/imagegallery/in-game07.jpg>

see there, red and black striped rim, and as well, i think oyu should make the area that it pops up in bigger, so a bigger door part.
