Doitlel saw a video of the 12 soldiers who surrendered when they heard training shots earlier this week. They were riding in the back of a deuce in a half and they were all like smiling. They looked like the happiest peeps I've seen in a while. I hope that Sadam's entire army surrenders so there will be no battle, and the soldiers can get adequate food from US troops. If Sadam's entire army except the republican guard surrender than this war is obviously in the Iraqi opinion a good thing. At least that's what I think.

Yea this is gonna be one sided war.

Aprime Fuck you, Ohhh i used a warzs.. Oh im a bad person.. YOUR SUCH A FUCKING LOSER.. Go back to your fucking Canadian Hole and Stay there!
