sigh I guess I was to saddle with that joke as well.

No I am not smoking any thing, I was joking around. As far as a cheat or video goes, I could really care less. I was trying to make a joke out of making a mackery out of the subject at hand. I thought the inconsistant dialog would make it more then clear.

Twix, are you demented or something? Placing a link to a porn content at these boards is illegal in the first place. People under 18 years old have access to this website. This thread would have been deleted a long time ago if you didn't edit it out. Crimson won't let her self get sued because a board member place pronigraphic mattiral on her boards.
