It's planned, yet you've had months to show one fucking level and you insist on posting around the forums shouting "omg commando can run! commando can shoot weapons! commando can drive tanks!!!"

1. The video is still a gimmick.
 2. When I said "Five images of a SAM Site," I was reciting a list. The entire sentence was referring to that, as in "two SAM Site images, one menu image, a Buggy and some other crap." The rest of it is just fucking Renegade concept art that we've ALL seen in the past six years.
