Kirby, wow. That's all I can say. I am literally watching your story. I don't see the words. I, of course, read them, but it's as if I'm staring through the words and watching the story. It's kind of scary to think that words could paint such a picture.

I am not one to want to read, at all. There are few things that I actually like to read and your story has gotten me sucked into it.
