We are replacing Saddam's regime with a government more beholden to NOT MURDERING ITS OWN CIVILIAN POPULATION, LYING TO AND CONCEALING ILLEGAL WEAPONS FROM THE UN VIA THE UN RES 687 from 1991 and disarming a mad man before he joins the nuclear club. Amongst being in violation of the following :

You talk heavily about the resolution 687 back in 19991.

Iraq was disarmed in 1998.
it has no illegal weapons now.
US has no proof. it tried to create forgeries, lies and propaganda.
to convince people that Iraq is violating UN res. when clearly it is not.

What about Israel, I can bring you many UN res that it's violating, yet the hypocrite US is giving Israel US tax payers money worth billions of dollars every year. while millions of Americans are eating from trash cans.
