Quote: Towards the end of the 1950'ies, the UN outlined the purpose of the secret Peace Corps, and stated a number of other policies regarding its activities which are still classified today.

The Peace Corps became active under the designation of: "Operations Group Echo, Black Ops 9".

It would eventually be the ominous operation "Desert Storm" that would officially reveal the existence of

Operations Group Echo, Black Ops 9 and their purpose as a specialized international peace enforcing unit.

When the international media discovered that the attempted assassination upon Saddam Hussein by OGE, BO9

(in a covert effort to prevent the outbreak of the Gulf War) was a complete failure with the resulting in

the death of a large number of agents, OGE, BO9's first contact with the general public was a catastrophe.

Nevertheless, it wouldn't be too soon before the UN would be in the press again, this time to officially announce the existence and purpose of the organization

and to come together one more time to rewrite the proposal of the late 1950s.

In accordance with the United Nations Global Defence Act (UNGDA), the Global Defence Initiative was founded

at the date of October 12th, 1995.
