THE NEXT GENERATION SNIPERS clan is a new clan. Our clan is only a few months old, but we have grown fast and gained a lot of respect. We have excellent clan members that play all the time. A lot of our clan members are well known, I will make a short list to see if you recognize any of them. We have clan matches almost ever night. We strive to be number one. In the short time we have been a clan we already have two sniping divisions (TNGS and \*TNGS\*), we also have a AOW clan (TNGAOW). We have a website <http://www.nextgenerationsnipers.com> that you may visit and get to know all of us. Also there you can place an application to be mod on one of our servers, request clan membership, or challenge our clan for a clan match etc. We have three servers on WOL, atngs1 sniper, atngs2 AOW, atngs3 CTF. We also recently started a server in the game Halo (server name TNGS), (thus proves our fast expansion), soon we should have a Halo clan. Here is a short list of some of our clan members:
