That's what those animals are called. My wife was right. Geeze please don't tell he I said that.
:oops:

Havoc, the UN has no jurisdiction over how the United States of America is governed. We did NOT sign our rights to the UN. WE FOUND THE UN.

The UN failed now time for action has come. Again, how many times must we go through the facts here for you. Let me give you 2 facts here.

1: Iraq claimed they had no SCUD missiles. 3 were fired at US troops.

Translation: Iraq LIED!

2: Iraq claimed they had no missiles that would go over 92 miles. Most of the missiles fired at US troops came from 100+ miles out.

Translation: Iraq LIED!

Question for you now.

How many more lies must Iraq tell before the world is sorry it didn't react?
