Ya...I was kinda thinking bout the same thing about 3 days ago, thinking more along the lines of like "wouldn't it be nice if there was more than 1 notification sound & that the people could choose the 1 they liked best?"

A few people I asked, that were friends of mine, said that it was a good idea, that perhaps it should be done, & that if it is, it could make RenGuard alot more popular.

But that was just an idea that myself & a few friends agreed was a good idea. :rolleyes:
