[sgtheOne]Hans & The UN aren't exactly the sharpest tools in the UN's shed.

An Update on Inspection Executive Chairman of UNMOVIC, Dr Hans Blix 27th January 2003
Iraq has on the whole cooperated rather well so far with UNMOVIC in this field. The most important point to make is that access has been provided to all sites we have wanted to inspect and with one exception it has been prompt. We have further had great help in building up the infrastructure of our office in Baghdad and the field office in Mosul. Arrangements and services for our plane and our helicopters have been good. The environment has been workable.

You idiots

I guess I shouldn't be surprised, the UN isn't very apt when it comes to learning leasons. You dont let 'the enemy' build your CENTRAL COMMAND & FIELDOFFICE. :rolleyes:

What do ya give the dictator that has everything ?

A free pass with Hans & the goof troop.
