I agree. Though I like Sakura also because she has got more health (as I recall) so you are able to take falls and stuff and not die after getting hit. I say this because I jump off cliffs and such a lot (purposfully) when I am sniping someone. Anyway preferably I choose Black Hand for Snipbravo's reasons.

Quote:Cowmisfit said: belongs in this forum how? lol, this goes to tactics dude.

I have to agree.
