Yes why the hell would deadaim have the Renalert subtest in the first place? If he had it and was gonna leak it dont you tthink he would have. What does banning him on the renalert forums accomplish by this , if he had it then that wouldnt have stoped him from leaking the Sub test.

Blazea58From what i heard Htmlgod was constantly bashing his Mother (Who has passed away) and he couldnt take the insults much longer... He warned htmlgod that he was getting furious with that issue, cause it had nothing to do with the mod he was helping on...

And uhh what's with that?
