Yes it does suck that TechTV is dead, but who cares?? its just a tv channle, there are millions of them flip to another one and start watching Don't get me wrong, i wish it wouldn't have either but no need in dwelling over it with those things in yoru sigs and such, because no one gives to shits what a few kids like you have to say, it will not bring it back, so forget about it.

I have comcast high speed cable internet, and comcast didgital cable lol.
