This is why I thought you worthless FUD n00bs were long gone.

This is from awhile ago- http://www.n00bstories.com/n00bfile_view.php?id=3880&search=giz

The "goodbye" post by you and several other FUDtards includes such wonderfully insightful gems as:

Quote:I'd say about a good 90% of you I've haven't had the bad fortune of coming across. But I dislike you all nonetheless.

and (this one is from YOU, Deathgod)

Quote: I truly feel that people who are devoting a generous portion of their time to keeping this game alive are wasting their time...

and

Quote:I'm sitting here trying to think of something to say to all of you that sums up the way I feel about you, and I can come up with nothing more appropriate than this: Fuck yoU, Die.

FUDn00bs are actually hilarious if you can just away from their server. I think we will install FUDGuard at Fastc0nn, Pits, and n00bservers just to make sure you twits don't join and lower the level of gameplay... ha.
