cowmisfitj4S[p]Halo 2 owns Half Life 2. It's that fucking awesome.

go look up a pic of HL2, you will think Halo 2 is a piece of shit that could be compared to the graphics of pong once you see HL2's engine.

Sorry, I don't. It looks like Half Life 2 is the "peice of shit that could be compared to the graphics of pong".

Halo 2:
