Um, Jonathan since when was Dante "bad"?

See # 13 reply

13. Do you think someone would of done the same thing if you didn't start doing scripts.dll?  
Jonathan - I don't know, scripts.dll wouldn't be where it is today without the help of people like  
Olaf Van Der Spek, Dante (back when he was helpful instead of being bad) and many others.

He has never been anything EXCEPT helpful.
