Quote:lol, always the same shit from you... You don't have any creativity... You make nothing, you create nothing, the only thing you do is a copy of a copy of a copy... I have fun with you !!!

You obviously have no idea of what you're talking about, seeing as how your idea of creativity is taking C&C and wiping your ass with it.

Probably, because you don't code a ship.

Quote:Moron ! Well for me the topic is closed, I won't answer again. But I am sure you will write an answer to that... Retard in action... And if you don't, maybe it's because you start thinking... good for you !

Of course you won't reply, you'll just reply in your forum and attack me where I can't respond. That's the only reason you're "leaving" this thread. Later, n00b.
