CrimsonI like <http://www.bowlingfortruth.com> -- I spent a good part of the day reading up on what a fuckhead Michael Moore is.  
I can't bend my head around his logic.

..Because I instead spent it on a site that shows all his lies. Now if I ever hear what that idiot has to say I can just laugh at the presentation

Such hostility. Michael Moore has successfully refuted most of the "damning evidence" from your site, and he did it here:  
<http://www.michaelmoore.com/words/wackoattacko/>

I'm sure you've read his responses to the criticism you've read as you wouldn't want to be one-sided, and you wouldn't want to selectively present evidence just to make your point now would you? Cause that would be ironic all right...
