xptekDid you know that the human mind can read backwards?? Read the following normally.....

The phaomneil pweor of the hmuan mnid. Aoccdrmig to a rseaecrh at Cmabrigde Uinervtisy, it deosn't mttær in waht oredr the ltteers in a wrod are, the olny iprmoatnt tihng is taht the frist and lsat ltteers are in the rghit pclae.

The rset can be a toatl mses, and you can sitll raed it wouthit a porbelm. Tihs is bcuseae the huamn mnid deos not raed ervey lteter by itslef, but the wrod as a wlohe!

The n00bs do have a chance

That's not backwards.
