warrantoSo your saying that the people were suffering then, and he had no intention of helping them? Or he just wasn't in the mood to help them? Considering I'm sure he knew about the conditions of the people prior to his swearing in... more so because his father had just left the position prior to Clinton comming in.

What are you trying to prove?

This has been on the top of peoples to do list for many years. Bush was just the only one to act on anything.
