it means you cant play on gamespy

why ? i really dont know

but it has something to do with the serial code and game spy i think

so you have to play on wol

i have it to, bought a legal version and cant play on gamespy but it does it matter wol is big enough

i sended a email to gamespy and they are still telling things to do what doesnt work so dont contact them and play on wol , thats the only thing to do
