Seaman, its all done, from page 27 to page 52. that includes all buildings, and infantry/vechs. also a table of buildings and units, and what they cost, what armour, and what speeds...

but all up, its 21.4Mb, and zipped 21.1mb so yeah shall i send it to you somehow? i might send like 5 pics at a time, in like 4 or so emails. and i cant post them all up here, photobucket will not allow that many pictures.

but anyway, the pictures are directly form the manual, high quality, and colour, but seeming the text is black and white, it wont really matter :rolleyes:

well post here, so i know how to send them to you...
