DeathgodI know your sig is definitely wrong, because lots of characters in this game can kill in one headshot.

Me and my brother have honestly tested this with an engy and a soldier, fairly close range, and stood still. He took a very careful shot to my head and it knocked off 80% of my armour. I'm talking average range, blasting away and I don't do much damage. I know an entire pistol clip could take out just about anyone, but it does seem a little ridiculous sometimes.
