Ya...like go at clanwars.cc and ask the ppl, there, what they think about it  
And because both sides can go into the inf zone on mesa doesn't make it some kind of  
unbalanced aspect. It ads more tactical depth to the map and disabling them wouldn't be a good  
decision. I'm just trying to help, but it seems, that the the "modders" and they "clanners" will play  
two different games in the coming time...
