DethHav0cCare to enlighten us to what the real weapons were in TS then? Anyone?+ Its a mod based on TS, not Tiberian Sun 3D.

Light Infantry: M16 Mk. II Pulse Rifle (a futuristic version of M16 rifle that shoots plasma energy)

Disc Thrower: Disc Grenade (disc-shaped grenade, can be thrown much farther than a regular 'nade)

Engineer: Engineering kit

Medic: Medical kit

Chemical Spray Infantry: Chemical sprayer (kills Veins)

Ghost Stalker: Railgun

Umagon: Silenced pistol, C4

Rocket Infantry: Bazooka

Cyborg: Chaingun, 70mm cannon

Cyborg Commando: Chaingun, flamethrower, C4

Basically what you see in TS is advanced versions of old weapons.
