AircraftkillerI know exactly what it means, that's not relevant to the reason why I posted. I prefer reading something that doesn't take me a few moments to figure out.

But yeah, go ahead and encourage idiocy. That's surely a better thing to do than teach idiots how to write the language in a legible manner. :rolleyes:

Encourage idiocy? By making fun of someone who never learned context clues and doesn't know how to read or write properly? Personally, I'm not making the connection...
