spoonyratJavaxcxWe don't kick people that kill us, we get them back. And suffice to say, unless they leave the game, we always do.

Like that time I had Mahkra down to nothing but his AGT and refinery with an arty? He didn't "get me back" then :rolleyes:

Oh, you mean when I was just sitting there, not even moving, shooting your arty with a pistol while I waited for more people to join?

As I've said MANY times before, I don't play any of that 1v1 shit. So I wanted to just shoot at each other with infantry until the server filled up a bit. But since you insisted on being a jackass instead, I had to ban you.

And before you start whining about this again, think about this: it was MY server, so if I say "infantry only til the server fills up" then I had better not find you driving around in an artillery.

You may think I'm the one who didn't have the balls to fight because I banned you, but I say you're the one who didn't have the balls to fight because you wouldn't use infantry.

My server, so I make the rules. Deal with it. And then go fuck yourself for all I care.
