snipbravoYou know somethin dansolo? YOU'RE A NOOB ON 3 FRONTS. First you think sniping is unrealistic. :rolleyes: I bet you only think that cause u DIE every time u play. cowmisfit could prolly kill u any way any how. Second, your a noob. This idiot think that becassue he can beat one player mode on easy means he can own us all in all out war. As long as your still in diapers in renegade, maybe you could get a game in with cowmisfit and whoever else you want. Last, have u ever even sniped? You probly have never gotten a head shot with ANY gun on anyone. I might just spread the word around the renegade servers that this noob@\$ is on renegade and to kick him from your server, casue all noobs do is screw things up.

Dude, the game is called Command and Conquer, not lets be a faggot with a sniper, wall camp, jump around in the tunnel shooting people. The sniping is shit in renegade, pure and simple, the whole point of the game is to kill the enemys base, not spend 40 minutes sniping engineers with a n00bjet and thinking your the ownage.

Il play both of you if ya want, 1 sniping game, 1 aow. im no sniper, but i will give it a shot, besides if you beat me, big deal, like i give a shit.

So instead of calling me a n00b, stop being a faggot and challenge me. i have only commented upon things that i have observed, thus me not saying anything about how you play, however from reading the way you go about your business and start saying how you gonna tell all your friend how much of a n00b i am, even though you have never played me, proves that your a fag. Id love to play EOE in a clanwar and show them how n00by DFC are, that would be fun. The question is ,will they rise to the challenge?
