It's jonwil, not JONWWILLLLWLLEWL!

What is "jon will?"

And you don't need to type in red, also this is the mod forum, not the renguard sub-forum.

But if you say that his "70% of all statistics are all made up" is also a made-up statistic and part of the 70% made up, you're agreeing that 70% of all statistics are made up, which means you agree to his claim which you say is untrue and part of the 70% fallacy.

So your logic goes around in a circle and hits you in the ass
