Where are you supposed to buy curtains for your computer at? I can't find them anywhere and I've checked everywhere. The reason I'm asking is because I have Windows.

...um wow.

How come my new mouse has no tail! Did my mouse have a birth defect?

(Just trying to add to this list of ignorant statements)

Um, this new game that I just got, says to insert the "CD-ROM" into the "CD-ROM Drive"... The problem is, my computer doesn't have a "CD-ROM Drive".

(But this cup holder is awesome!)

I know who the fuck he is, that wasn't my question. :rolleyes:

Now if you'll answer my question this time... Who were you referring to?
