Create a shortcut to your renegade game.exe, then add the following after it:  
+connect ServerIP:Port +netplayname 'YourNameHere'

So the shortcut should look something like:

C:/Westwood/Renegade/Game.exe +connect 135.274.484.478:7000 +netplayname Vanilla  
It's up to you to find the server IP and port though.
