Stealths are banned on Twa's CTF server....  
This is with good reason, because otherwise the SBH's can just whore the flag pickup, as they cannot be stopped beforehand.

Every time I am GDI and gaurding the flag, I randomly fire like a crasy person. People tell me to stop it, but I keep right on going and, bam bam bam, shimmer, shimmer, shimmer, oh look I found a SBH, FIRE!!! Then boink, pop goes the stealth unit!
