Which reminds me, HTMLGOD, once we finish our internal beta, me, you, and zoogly need to go record that teaser we've always planned.

Which also reminds me, I've made a movie for fun before with BF1942, and it's fun to watch, full of action... but I need a server to upload it (28MB).

Good movie, you like to keep it on the beat a lot.

yeah its good, but... the quality is a bit dodge for a 22mb file, and the music was good, but i would rather of liked a kickarse C&C track, one form TD/TD-CO/SS but anyway, good job.
