Keep it up and I will delete every post you have made, since you have made such a mess of the forums it will be much easier to do that than to delete all your spam.

Just don't do it anymore please. I can't even really clean it up without spending over an hour deleting posts, because after you bumped topics from almost 2 years ago, other people replied too. Thanks to you everything everyone was currently talking about recently is now on page 2.

I edit most of my posts atleast 5 times for grammar, spelling, and typo errors. Sometimes even improvements.
