Ok the older people will know what I'm talking about. There used to be this guy on the official renegade forums during the beta. He had like the most posts, and he seemed to ALWAYS be on the forums (besides when he was playing lol). He was dying for this game to come out more than any one. Then the day the game came out we never saw him again??? WTF Sorry I don't remember his name. You know where he went, it's always bugged me.

I think you mean YVseth, I think his phone bill got too high but I'm not sure.

He was also a Nod Fanatic.

Edit: Just checked the YV clan website, and couldn't find him in the member list anymore.

Although the guy was constantly online, he was using a dial-up connection.

---

Dial-up connection + constanly online = extreme phone bill.

lol Ya now I remember him complaining about the 50meg patch (or what ever the biggest beta patch was) that took him a whole day to download.

That's sad he doesn't play any more; that guy was so funny.

I still use dial up... I just resently reinstalled ren yet again and the patch took me about 2 hours. I have UT2k4 now so i dont have to be online that much to get the mmofps feeling. Also does any one remeber a person named "BarneyGuy" part of the +HS+ clan, aka "SnipebgHS". He was a really good sniper in the first year of ren.

You don't intentionally pick on people with poor typing skills, do you?

Demolition manAircraftkillerNah, just like you, Demoman. Just like you.says the biggest retarded.  
:rolleyes:

Okay, it's basic grammar, dude. The word "retarded" is an adjective. Do you know what an adjective is? It's a word that describes a person, place or thing. You were attempting to call Aircraftkiller a "retard" which is a noun.

Who's the retard now? :rolleyes:
