Thank you for the un-reasoned ban from the forums of n00bstories, I did so much to deserve it.

I especially liked when I asked you why, how you said it was a shame I wanted to know.

Anyway, to Crimson or Blazer. I would like the reasoning behind my ban from n00bstories forums. I should not be banned without a little reasoning, please supply me with this.

Thank You.

What? Is that illegal? And did I? No, I didn't. Besides thats not what DaveGMM banned me for anyway. I would just like to know.

Do you get away scott free if you try and kill someone and fail? Idiot, you were trying to hack someone's account, you failed. It doesn't matter what DaveGMM banned you for, but if that happened a while ago, consider him being generous he let you stay THAT long.

Quote:Do you get away scott free if you try and kill someone and fail?

You are comparing manslaughter and someones account getting hacked in a video game?

Go take a reality check, cause if you are comparing a loss of life to a video game then you have major problems that need to be helped.

It's the same principle you twit. You don't let off the hook because you failed in your attempt at crime. And please, don't bother using the old rhetoric "UMMM BUT I JUS THRETN2 HAX HER CUZ SHES A BICH!!!!!!!!!!!!!!!" because that doesn't stand up when you have already admitted to trying to hack her account.

Oh yeah, threats are illegal too. Enjoy your ban.

You didn't even try to huh? And I quote:

Quote:The feds will not get on me, I didn't do anything. All I did was post a pic of a Brute Force hack on C4Kitty. That doesn't indicate that I am doing it, it was a threat, not an action, I turned it on, took a pic, then I turned it off. Just letting her know i'm not stupid. Besides the only thing they

could do is if I did hack her, attempting cannot be proved, and I did not and I will not waste my time, it takes up to much BW and Comp Memory. And as for the pitts sending the feds on me the least thing they could do would be to call my ISP for an infraction involving the changing of IPs. But I didn't change my IP I just hid it, which is not illegal, the least they could say is for me not to return to the website. And as for being the l33t haxor, I admitted I was not go look, I just have the tools for the job, I know very little about hacking. Im not stupid you cannot trick me, and I have committed no infraction. Thanks

Note this part of your resoponce...

Quote:I turned it on, took a pic, then I turned it off. Just letting her know i'm not stupid.

Think you just screwed yourself there.

She needs to stop being that way, most of her enemies are the people she pisses off first. She needs to stuff the bad ass behavior and save it for when it really matters, when someone attacks her for no reason. With how she is right now, most people get to claim self defence.

Yeah, I agree. I don't have any real problems between her and I, but she's way too "shoot first, ask questions later" type of gal. Instead of earning being on her bad side, you have to work to be on her good side. That's no way to be happy.

Let's just hope she's not that way in real life.

She is lying. I have done nothing, I do not even know her IP.  
As I have said the only thing I did was take a pic of Brute Force, and turn it off.

I have not tried anything she is lying to you.

What a male that acts like says hes a female on the net, but still acts like a male?

---

Let me get some of her flames.

"You're the one who mouthed off to me microdick... you don't like it? tough shit..."

"he can go fuck himself with a stick for all i care..."

"Mouthy little twat"

"whatever you say little girl..."

"whats the matter you little fagget?... you don't like it when the people you attempt to flame fight back?... figures that you're about as intelligent and tough as a grade 3 school yard bully... all back and no bite...what a pathetic little pussy you are..."

"i've always talked like a trucker... you push me and i'll push right back bitch..."

".... Is that really something to brag about you needle dicked midget?..."

"dunno... seeing as how your needle dick is got pulled off in your moms pube hair when ya fucked her last night... guess you better go muff diving and find it first..."

These are the types of flames I get from 4th grade children. Way to go for her :rolleyes:.
