I was playing a map I'm making just now and I had a wierd thought. What if Elena Petrova is Ignatio Mobius' Ex-Wife? What do you think?

She isn't. She's just a made up character for Renegade with little relation to C&C.

well Havoc is also kinda fake, they just used that name.

coz there were a few commandos, you just only played one, havoc.

Too back Nick Parker is just a made up character who exploits Commando's fame to make people think that he's cool.
