See what he looks like before you start complaining, you might just like him

Do you guys remember the Ghost stalker from the Underground powerplant mission? He had a moustache and look a bit more grim than he does now

Maybe he could be made to look a bit more evil :twisted:

Wrong, the Mutant Hijacker didn't have a name, Tratos was the leader of the mutants.

But he was supposed to be vehicle hijacker for GDI in multiplayer mode.

Why, the Mutant Hijacker makes more sense for that role IMO, besides since this is presumably set in late FS Tratos is dead

Im pretty sure the guy McNeil was talking to in the train was the GhostStalker i mean there not gona just have him talking to some random mutant after its the GS who just led that particular mission.

That guy next to umagon is a random mutant.

Tratos is not the Mutant Hijacker
