Hey, I live in Arizona. Why the hell are you moving here in the summer?

Let's see, this summer I plan to be hot and continue to work. Once you're out of school, summer has no meaning aside from the heat. I do plan to go to Santa Monica for the 4th of July.

Jack shit.

Seriously, probably.

1. Upgrade my computer.
  2. Use obsoleted parts to build a PC to connect to the TV (Renegade on the 57" should be sweet
  3. Get my car street legal and registered
  4. Party at Patonites! Whoot!

No Blazer, to get a huge screen, you don't have to plug a computer into a TV, just buy a big wall projector that can run fast FPS. I've seen somputers with them before, and it's quite cool.

Mmm, summer.

Assuming I didn't slack my way into summer school, I'll be going camping and fishing in Canada a few times (hopefully), probably going to South Dakota to visit relatives again, and possibly to good ol' Phoenix, AZ to see the Aunt and Uncle. Other than that, I'll be doing some housecleaning or stocking or something in my dad's university lab for some cash, which I'll use to either buy some stuff for a new pc. If that doesn't work out, I'll get some new amplification equipment and play a few gigs while I'm in town.

Super-awesome.

Lol, no.

I'd rather stay in the home we rented to work-out, swim or play tennis.  
Even if it's only 20 minutes away...Minus all the damn traffic jams.

I hate theme parks, I always get headaches when I visit them, when I go on vacation, I want to relax, my own way.

Well next week on Friday 4th of June 2004 at 3pm i leave Brisbane QLD, Australia to go to England via Singapore and Frankfurt.

Thats all i have planned so far.

Probably going back to Brizzy before the end of the year being sponserd by an aussie company to work here for 4 years.

Apart from that, seeing if i can Wakeboard in England and thats about it.

Also meet up with a few peeps in England from the Ren/n00bstories community.
