If you've been wondering what I've been trolling around lately it's not because I have a problem with you. I just needed to please the BC admins to get this:

Scrumfy is an intelligent cat.

-23:18:52- [~SS]: Scrumfy isn't a person

-23:18:57- [TwARenX]: O\_o

-23:19:01- [~SS]: He's an intelligent cat

Note: I didn't force these to be said, just found the conversation on #the-lounge.

-23:19:17- [U927]: Then I shall skin him

-23:19:27- [U927]: In various different manners

-23:19:45- [U927]: I SHALL BE KNOWN AS THE SCIENTIST WHO FOUND MORE THAN ONE WAY TO SKIN A CAT!

Aircraftkiller will probably barge in saying, "It's not skin, it's texture!"

No, he will comment on what you put in quotes. It should be "It's not a skin, it's a texture!" instead of "It's not skin, it's texture!" Besides, cat's have skins on them, not textures. Unless you are talking about a digital cat in a game or something which I assume you are not.

Look what I found, it's Scrumfy <http://www.n00bstories.com/image.fetch.php?id=1284351063>

He's talking about me, I posted that picture.

Yes, that is a picture of one of my cats. I didn't bother finding a picture of some other cat so I just used a picture of one of my cats in my image gallery.
