Subject: Npsmith (Renbudlist)
Posted by Imdgr8one on Sun, 06 Jun 2004 02:33:48 GMT

I'd like to do this through PM, but I think that I'm nto the only person ahving this problem.

Whenever I use renbudlist, after around a good 2 or 3 minutes I get a protocal warning. Is there anyway to fix this? I use this everyday and I am extremely sick of having to turn it on over and over.

Thanks...
