sadly, seeing as how it's my "duty" to vote, I may have to go conservative... much as I dislike myself for even thinking it. I don't like the liberals, I know lying a part of a politicians job description, but to do it so openly a Paul Martin did worry me. well, ok he might be telling the truth that he wasn't involved in the scandal, but that just makes him incompetent, something I don't want in a Prime Minister either. And the NDP, is well.. the NDP.

Which ever one says eh the most wins

O btw i'll take this time to comment on one thing. We are allies supposedly, and "good-neighbors" with Canada. THEN WHY THE HELL DID YOUR STUPID PRIME MINISTIR NOT COME TO REAGANS FUNERAL?? He had to extend his stay for one day and stay in a luxury sweet for the night and get up and go to a mans funeral and then he could have been back at his beloved canada (though i don't know why he would want to go back there j/k). I don't care if he never had met with Reagan or not, he should still have enough respect for us to spare a few hours of his time after all we are *Allies :rolleyes: * If your prime ministir died you can bet that bush and his staff would be there no matter what to show respect to you, what do you return us with?? Mad cow desiese, SARS, and drugs THANKS. [/rant].\

Nothin against you guys, i know its not your fault i was just angered by that, im not surprised the french flamer not coming, and to tell you the truth, no oen really cares the french suck, but canada's goverment i thought was smarter than that.

eh?

It may be our "duty" to vote, but I for one am choosing to wave that right. The Liberals in the midst of the scandel, and seeing how much of potentially my own money went to pay off their

debts doesn't leave me with much confidence in them -- and nor does Paul Martin. He tied the noose around his head when he said he had nothing to do with it. It says that as a finance minister, he didn't know where hundreds of millions of dollars were, so how do I know he won't do that again as the Prime Minister now?

As for the Tories... heh. I dislike them even more than I do the liberals. I don't care much for compulsive liars as much as the next guy, but those children have a track record a mile long. And you KNOW they're just itching at their almost secured glory that comes with the Liberal scandal.

NDP... lol. Warranto said it best.

As for the countless other "little" parties, they mostly lack discipline.

cowmisfit We are allies supposably, and "good-neighbors" with Canada. THEN WHY THE HELL DID YOUR STUPID PRIME MINISTIR NOT COME TO REAGANS FUNERAL??

Oh? Like your government tried to shift the blame on Canada for alledgedly allowing the terrorists of 9/11 into the United States when the blame game was being played countrywide? Or how your President never seemed to have enough time to meet with Jean Cretien in regards to 9/11? I don't see how you can say it's Paul Martin's fault for not coming to see Reagon's Funeral when your own political system can't make time for more serious issues than honouring the dead in a time of war.

Quote:If your prime ministir died you can bet that bush and his staff would be there no matter what to show respect to you, what do you return us with??
Ronald Reagon was not President when he died, so this is utterly moot.

Quote:Mad cow desiese, SARS, and drugs THANKS.

Oh? And thank you for the constant flow of unwarranted prejudice against our countrymen (yeah, that includes the French Canadian population). And the friendly fire.

Quote:Nothin against you guys, i know its not your fault i was just angered by that, im not surprised the french flamer not coming

Well, this shows about how much you know about Canadian Politics. Paul Martin is not French.

Again, the dumbass in you shines when you make a comment like my goverment does'nt have time to do anything but honor Regan, we have plenty to do at least we are trying to help the world get rid of Terrorism, and support our allies in need, you sit up there with the moose and snow twiddling yoru thumbs waiting to get hit so you can then just give out a press agreement saying "Our army is too small to fight this war alone, US woudl you help us??"

You should go read that bible that Kirbys taken about, it would help you alot, you might even pull some commen sense out of it and relize it doesn't matter, its still about respect, even Afganastan's president stayed, shows a lot about canada there.

There's a nice question: Who IS NOT smarter than you?

Go play with your Barbies.

cowmisfitTHEN WHY THE HELL DID YOUR STUPID PRIME MINISTIR NOT COME TO REAGANS FUNERAL?

Did you even watch the funeral service? No, because you were probably at school teaching the others how to dress Barbies correctly, but you were wrong at 90%.

I'd like to inform you that the ex-'pm' of that the time was present, he also did a speech.

I'm voting Liberal--despite the fact that they're embroiled in a scandal, it looks like it's going to be close between the Liberals and Conservatives, and I'll be damned if the Conservatives get in... As impressive as the NDP's platform may or may not be, it's still a waste of a vote in my opinion.

warrantoPaul Martain:

not an exact quote, but thats what he said.

The french debate was lame, though the english one... Quite intresting, Duceppe said the same things he did in the french one though, pretty lame.

I was rather impressed by Jack's performance, I wasn't really expecting that, after his poor performance yesterday.

MrPirate: The more votes they have, the more chances they get to form a gouvernement in a near future. Wasting a vote is voting for a party like the Bloc Québécois.

Warranto: Lol, he kept misquoting Harper to score more points, pethatic.

Harper: "We need HELICARRIERS"

Martin: "This man wants to build AIRCRAFTCARRIERS"

My mother believes that they'll be dropping after 18 months, since it SHOULD BE a minority government and that the senate is LIBERAL (not to mention they're not elected) they won't be able to pass anything.

That's basicly why they want the senate to be elected by the population.

Well well well, I just received one of those Liberal post ads today, and aparently in exchange of your contribution to the party, they'll refund around 75% of it in tax credits, which means that the whole population is going to refund your contribution to a party... And keep in mind, that's only if they get elected.
