It's pretty bad for England. I hoped they would win when they were ahead with 1-0, just because the French have the most chance of winning. I like unexpected winners

This is why I don't watch football, and don't really care if we win or not.

When you see people crying like a baby when a ball has hit them on the leg... you know something's wrong.

Aimbotsowen sucks, they should of put joe cole on instead of owen,and let someone else take the penalty that beckham missed, beckham sucks!!!

you obviuosly know very little about the beautiful game then

why replace one of world footballs most feared strikers with a showboat midfeilder hmmm  
owen was innefective because everytime he touched the ball he was closed down by 2 or 3 frenchmen thats how much they feared him
